## Welcome to 3 Click Designs...

Welcome to 3 Click Designs, a small but effective web design company growing from the roots up.

*"Serene, clean and visually exciting web-site design! My eye catching web-site designs will give your online business the attention it deserves! Creating an effective web-site takes an outstanding design and a well planned strategy to bind it all together."*

If you are in need of a web-site for yourself or business but are looking for something simple and on a budget, then 3 Clicks Designs is the designer for you. We specialize in creating a web-presence for you on the internet which is simple for people to navigate and load onto their computers. To see some of my samples, then please check out the [portfolio](#).

If you are interested in finding out more, then please [contact me](#) or [Email](#) me.

## What's Happening Now

These projects I am currently working on, some may be still in the design and layout phase while others maybe under development or completed.

### Projects

Possible 2 Future Projects

11 Sandpiper.com  
Bikes and Things
